IOSH Managing Safely®
Online Learning

Training is delivered in association with Astutis and IOSH.

20 hours

Online Learning

Institution of Occupational Safety and Health

About the course

IOSH Managing Safely® is the flagship course for the Institute of Occupational Safety and Health (IOSH). It is an accredited health and safety qualification that delivers essential learning to those in positions of responsibility. This includes the identification, evaluation and control measures associated with workplace risks.

Achieving the IOSH Managing Safely certificate empowers managers in any business to better manage their team, safeguarding their wellbeing and embedding a safe culture in the workplace.

It will help you or your workforce to:

➤ Control hazards
➤ Reduce risk
➤ Improve productivity

The IOSH Managing Safely® course was developed by the Institution of Occupational Safety and Health (IOSH). This globally chartered body provides internationally recognised qualifications that promote high health and safety standards in the workplace.

Course syllabus

Upon successful completion of this course, learners should have an understanding:

➤ Introducing managing safely
➤ Assessing risk
➤ Controlling risks
➤ Understanding responsibilities
➤ Common hazards
➤ Investigating accidents and incidents
➤ Measuring performance

➤ Common hazards
➤ Investigating accidents and incidents
➤ Measuring performance

Additional unit
➤ Human factors.

Assessment

You will be required to undertake a 45-minute multiple choice test, comprised of 30 questions. A score of at least 36 out of 60 is required to pass. You will also need to conduct and submit a skill-based workplace risk assessment within two weeks of completing your course material. You must pass both units to achieve your full IOSH Managing Safely.
